Hi Arleene and Thom,

I must tell you how pleased we were with the great services provided last week to AARP for our first ever Feria event.

With more than 16,000 attendees in 48-hours, production of two concerts and a one hour television show, exhibits and seminars, we feel we put to the test PRCC's facility, staff, security and parking, and you responded magnificently. Your team never failed us and was always available and on call for every need that arose. Your advise was excellent. Your team was professional.

If you ever need a recommendation to another client about the services and capability of PRCC, please do not hesitate to call on me. Without hesitation I will sing your praises. I can't wait for the next opportunity I have to return with AARP.

Every challenge was met and we cannot thank you and your team enough. Thank you from your many friends and admirers at AARP (plus our many members all over the island).
