**SAN JUAN, April 20, 2011** -- The Puerto Rico Convention Bureau has launched a new interactive web site dedicated to meetings and conventions in San Juan. Tailored specifically to the needs of meetings planners and convention delegates, **MeetSanJuan.com** offers in-depth information on accommodations, meeting venues and other information to help organizers plan and host a conference, convention or exhibition in Puerto Rico’s capital city of San Juan, enhancing San Juan’s offerings on meetpuertorico.com, the Island’s official website portal for meetings and conventions.

A centralized portal, **MeetSanJuan.com** joins in with the other partner cities of the BestCities Global Alliance in providing planners with details and facts on the city, points of interest, detailed maps, entertainment and dining guides. Through the site, planners can obtain information about San Juan hotels, resorts and meeting facilities; the state-of-the-art Puerto Rico Convention Center; air lift and ground transportation; as well send out an online *Request for Proposal* (RFP) for room blocks and other services. The site also provides links to destination partners such as the Municipality of San Juan, the Puerto Rico Convention Center, Puerto Rico Hotel & Tourism Association, and the Puerto Rico Tourism Company. The city of San Juan, represented by the Puerto Rico Convention Bureau, is a proud partner of the BestCities Global Alliance, the world’s first and only convention bureau alliance with eight partners on five continents and representing the highest standards of service in the meetings and convention industry.

“The new **‘Meet San Juan’** web site provides information on all of the elements and resources that a meeting planner would need to plan, promote and implement a meeting or group program in San Juan,” stated Ana María Viscasillas, president and CEO, Puerto Rico Convention Bureau. “In addition, planners accessing the site can take advantage of the many complimentary services of the Bureau for everything from securing hotel rooms to sourcing entertainment, organizing tours and lectures, ground transportation and more; we are pleased to have worked with the support of the Municipality of San Juan in this project.”
