## PUERTO RICO CONVENTION CENTER

*Smooth*

As the largest and most technologically advanced meeting facility in the Caribbean, the Puerto Rico Convention Center not only meets your requirements; it fulfills everything on your wish list. Its outdoor function space, ballroom, breakout rooms, and exhibit hall can all be customized for your event. It has art that belongs in museums and sound systems that belong in concert venues. It provides a feeling of openness and space that inspires people to think bigger and more clearly. And now... hotel rooms are just steps away. It is, in a word, smooth. Your next event can be the same.

We're the most wired Island in the Caribbean. We share the same technology, language, and currency as the mainland. No passports are required for U.S. citizens.

The Puerto Rico Convention Bureau is at your service 24/7 to help plan your meeting and make sure it goes smoothly.

Puerto Rico Convention Center is managed by the experienced team of SMG; specializing in the management of convention centers and currently operates 98% of the publicly owned exhibition space in North America operated by private companies.

We're located in the heart of San Juan in the peninsula of Isla Grande, convenient to Condado, Old San Juan, Isla Verde and Luiz Muñoz Marín International Airport.

The PRCC has already implemented an extensive recycling program, energy and water conservation, and several other green initiatives that benefit our clients, employees, visitors, suppliers, our community, and our world.
